Dear Aunt Carrie:-
It's just you are
as a letter, so read it
or when you feel like
writing, be as always so
glad to get your news.
I suppose you keep very
busy. All days past
I'll be in all your folks
tell the coming and say
from the hotel - it'll be
the hard to get news, as
so many since we are
now lost. Love from us
all - as such "Guts".

La Siesta Lodge

*Our interesting
town is noted for
our fast hip hot food*

Gallup, New Mexico

This city, located on Highway 66, is known as the Indian Capital. More than 50,000 Navajos live on the surrounding reservation, which is the largest in the United States.

La Siesta Lodge is a quiet restful place to break your long journey to or from the coast. In case you have time to stay over, many interesting side trips may be made from here.
